

An aerial photograph of a tropical beach. The water is a deep, dark blue, transitioning to a lighter turquoise near the shore. The beach is a bright, sandy crescent. Numerous beach umbrellas, mostly in shades of orange and yellow, are arranged in neat rows on the sand. A few small figures of people can be seen scattered across the beach and near the water's edge. The overall scene is idyllic and suggests a remote, vacation spot.

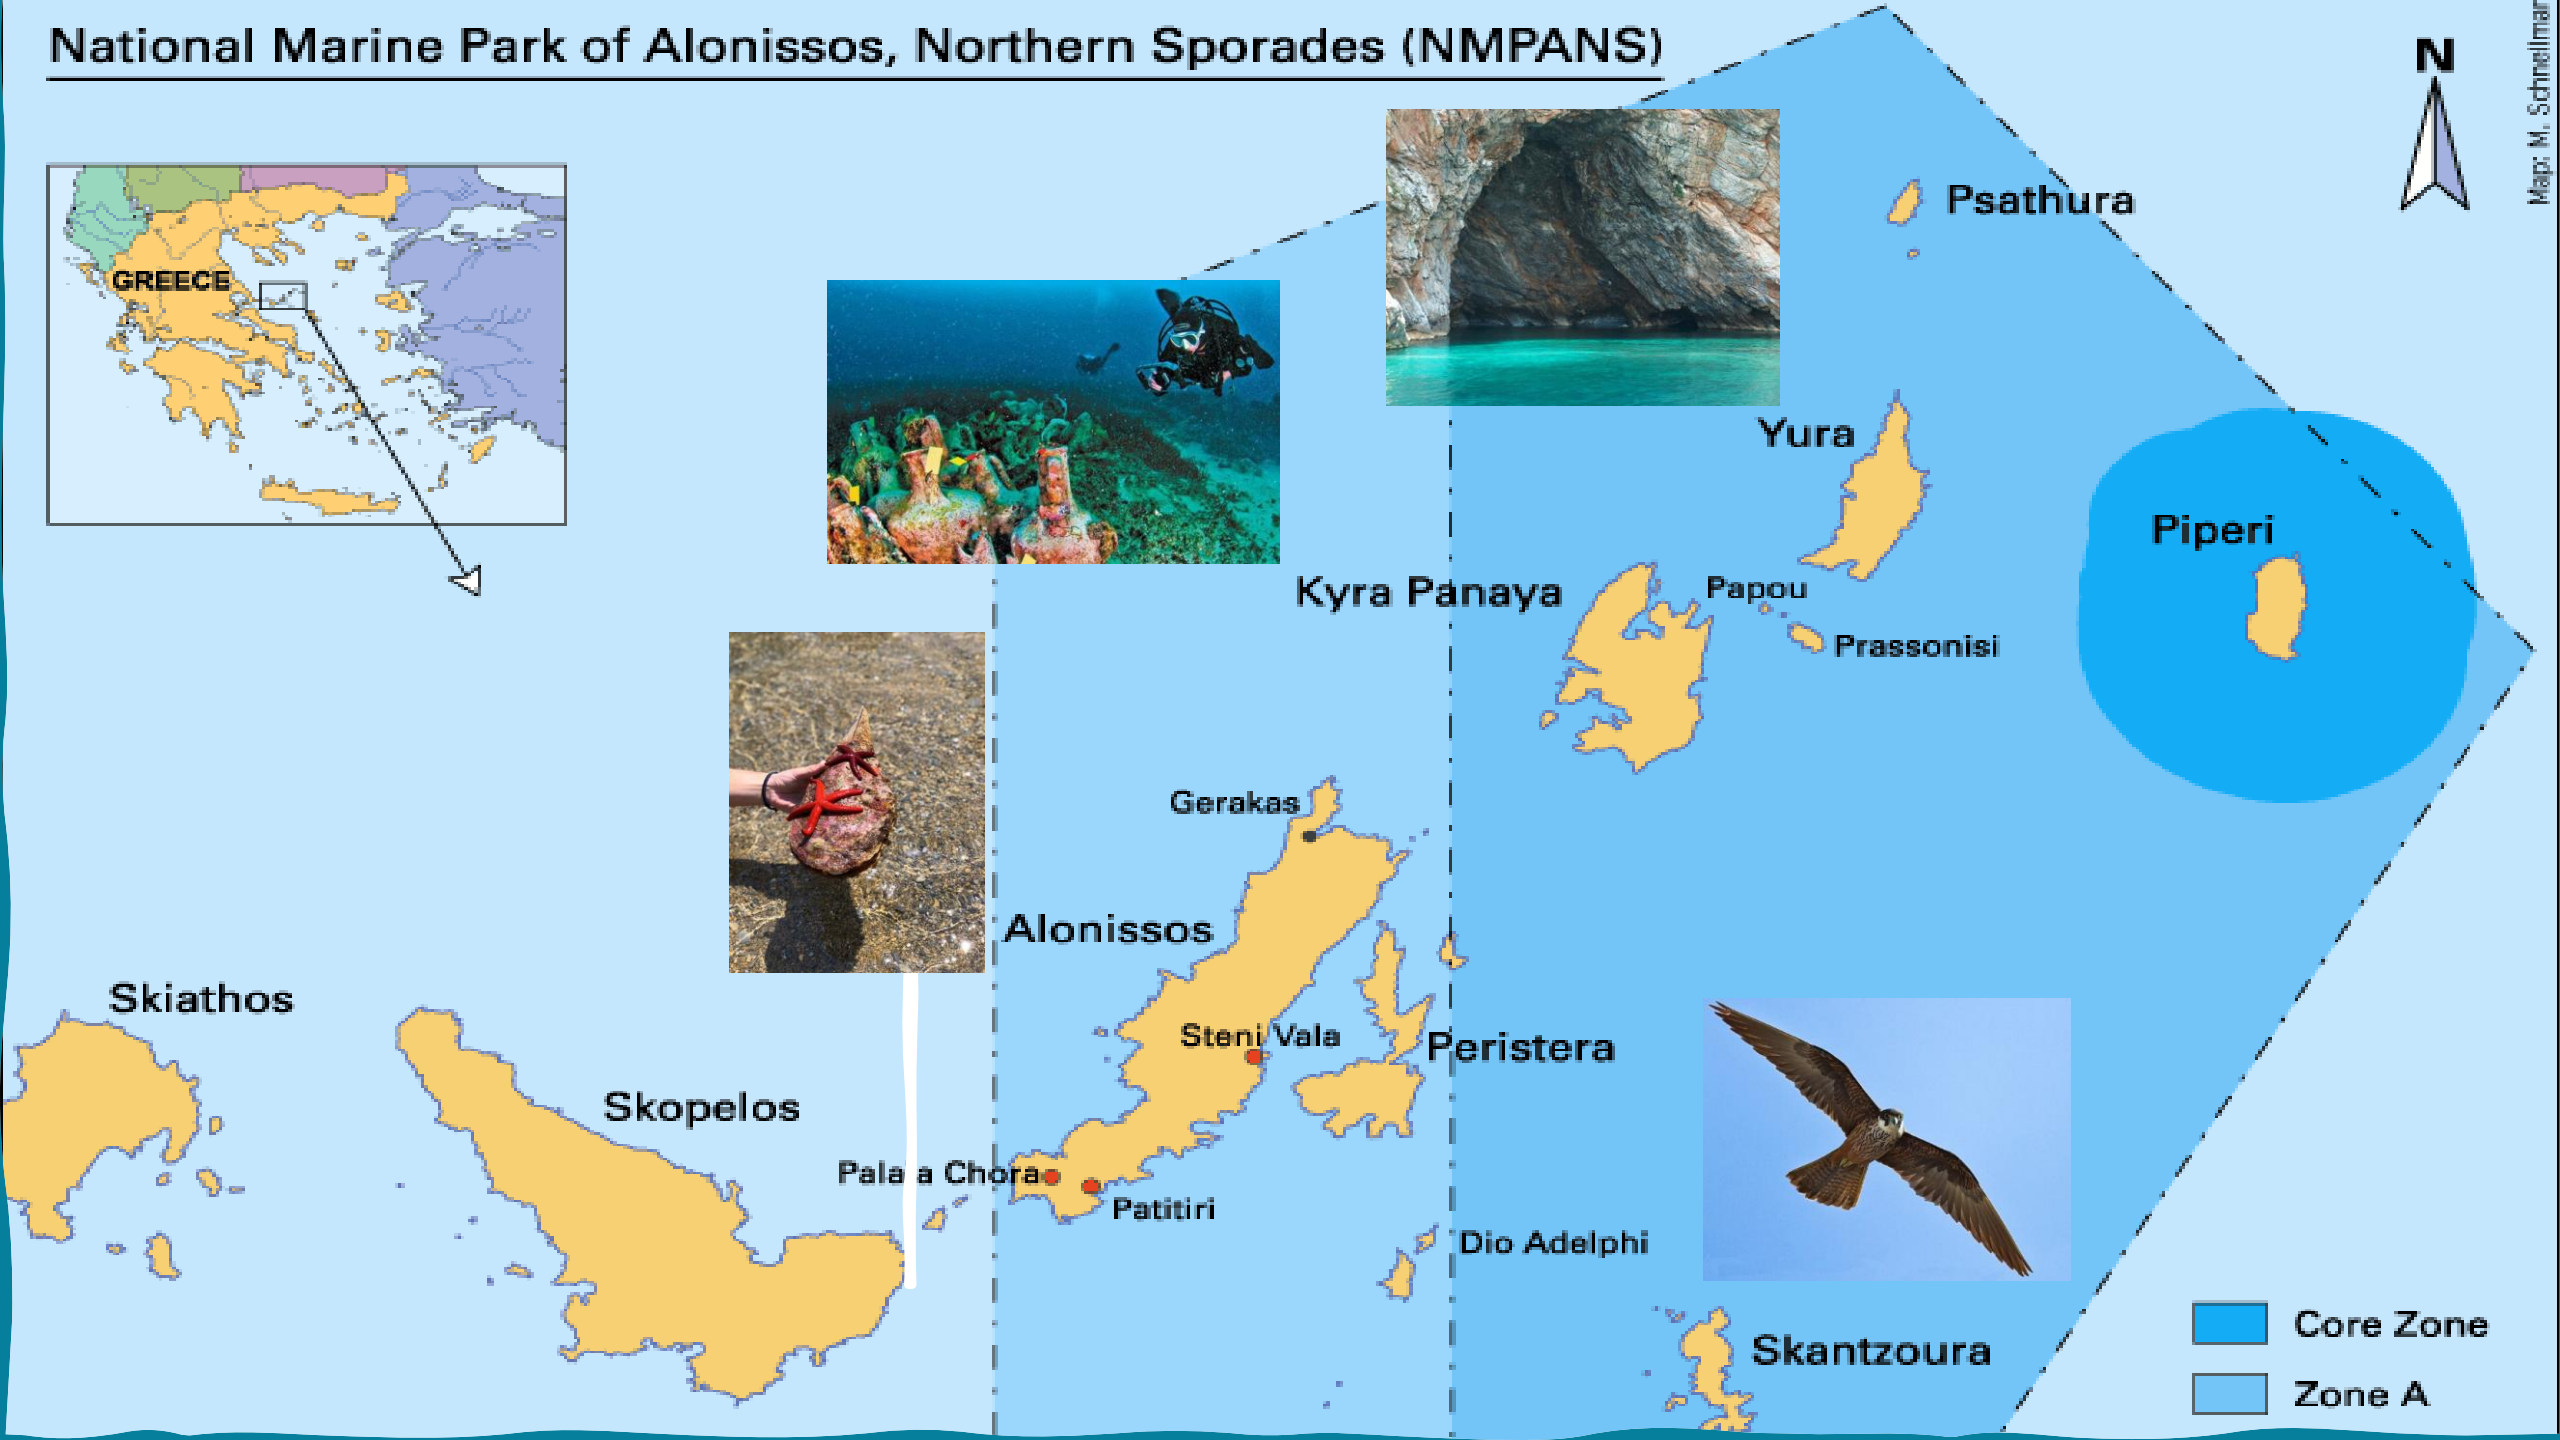

Alonissos

A paradise island

Alonissos honoured on National Geographic's '**Best of the World 2021**' list

National Marine Park of Alonissos, Northern Sporades (NMPANS)

- Core Zone
- Zone A

Alonissos National Marine Park

Mediterranean monk seals (*Monachus monachus*)

A full-page background image showing a scuba diver in the upper right corner, wearing a black wetsuit and a mask, holding a camera. Below the diver, there is a large, submerged ancient stone structure, possibly a temple or part of a city, covered in green algae and coral. The water is clear blue. The text 'The first underwater museum in Greece' is overlaid on a dark, semi-transparent trapezoidal shape in the lower-left portion of the image.

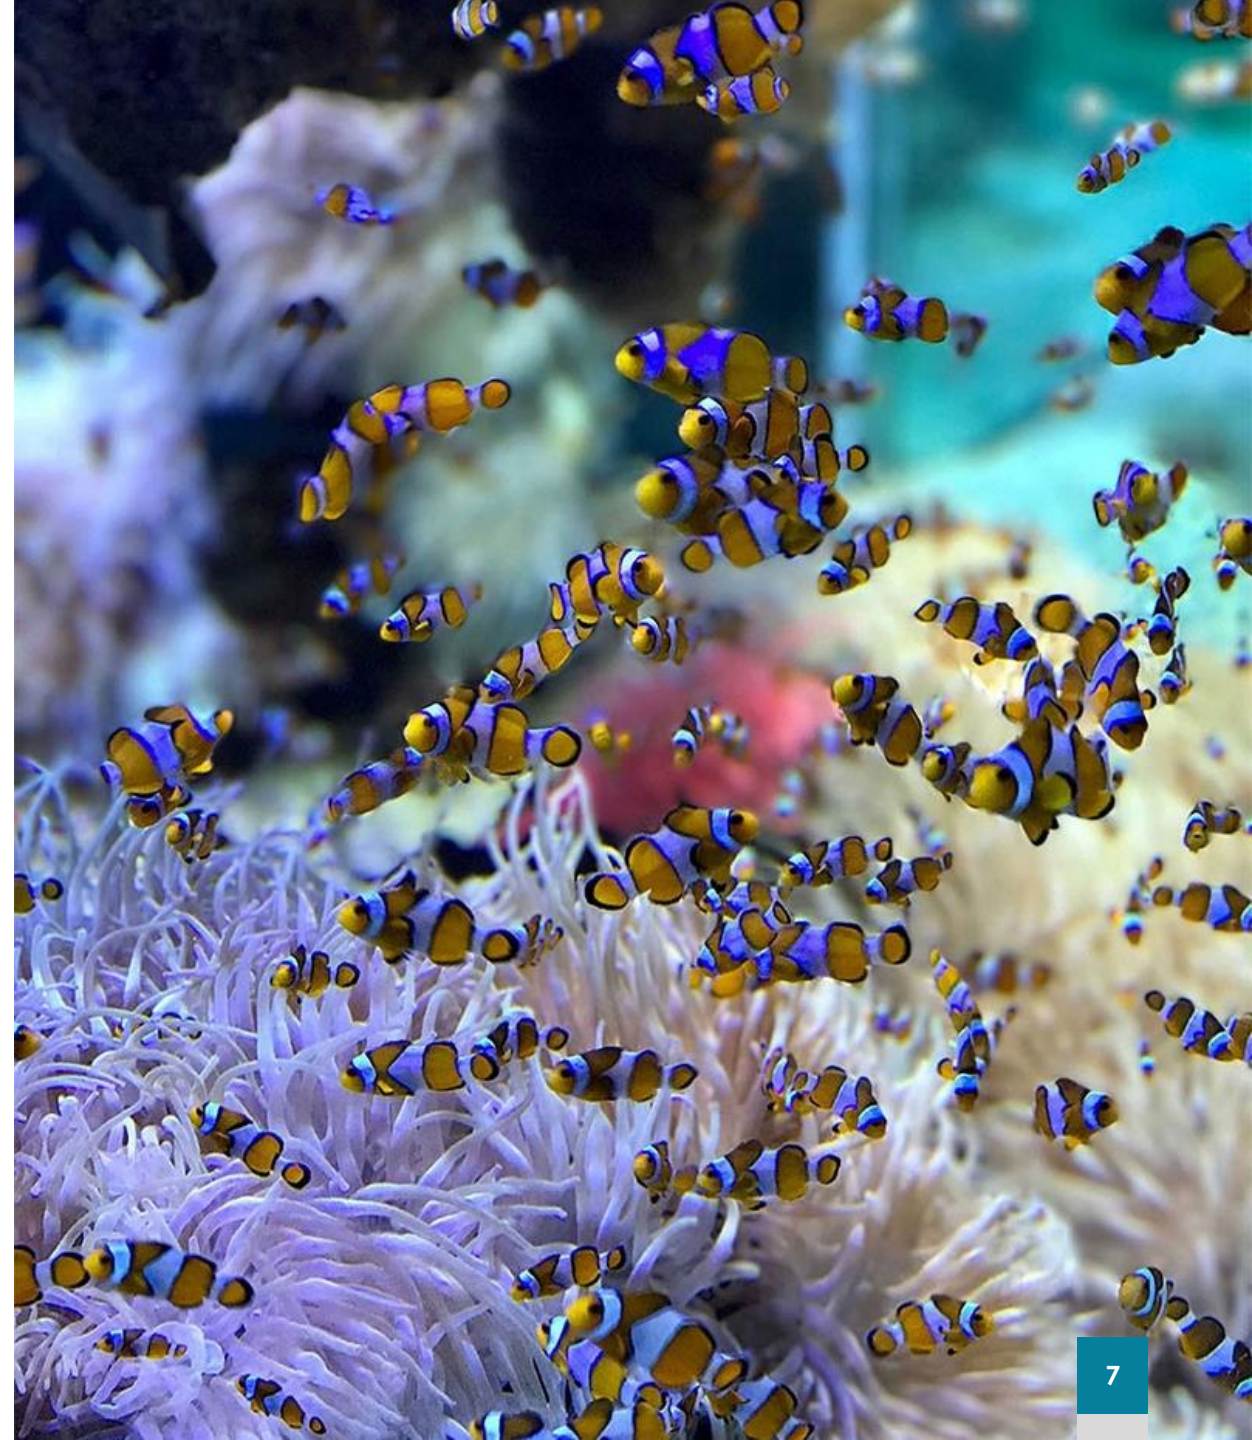

The first underwater museum in Greece

Peristera

An uninhabited island

Underwater archaeological research has brought to light an **old shipwreck** along with a series of other archaeological finds revealing that Sporades Islands had always been an important sea route for ancient cultures.

Patitiri

The centre of Alonissos

Alonissos museum

The largest privately owned museum on any Greek island

Old village

Nature Tourism

Walking down to the port of Patitiri..watching the sunset from Kalovoulos mountain..

- ✓ Alonissos' landscape is **ideal for day trips** and **long walks** in nature. Enjoy **local forests** and **wildlife**; visit the chapels and bays found on the island.
- ✓ Kouvouli is the **highest mountain on the island** with its top elevated at **475m** above sea level. Steep cliffs with an average height of 450m come out from the sea to be gradually smoothed out before reaching the mountain top. The easiest way to approach this mountain is by land

Medical Tourism

International Academy of Classical Homeopathy

- The Academy (IACH) sits in Alonissos. IACH is the only institution in the world dedicated exclusively to the teaching of **Homeopathic Medicine**. The aim of the International Academy of Classical Homeopathy is to train medical students, doctors and other health professionals in order to become certified classical homeopaths, according to the principles of Dr. Samuel Hahnemann.

Clear blue waters..

An underwater photograph showing a diver in the lower left corner, looking up at a large shark swimming towards the surface. Sunlight rays penetrate the water, creating a dramatic effect. Bubbles are visible around the diver.

“

According to a famous travel show host, daily visits to different beaches never end in Alonissos, even if one stays here for two months time...

Sandy beaches..

Agios Dimitrios beach

Kokkinokastro beach

An aerial photograph of a secluded beach area. The water is exceptionally clear, showing a vibrant turquoise color near the shore that deepens into a darker blue further out. Several white sailboats and smaller motorboats are anchored in the bay. The shoreline is a thin strip of light-colored sand, bordered by a dense forest of green trees and shrubs that covers the surrounding hills. The scene is captured from a high angle, looking down into the cove.

Tzortzi Yalos beach

An aerial photograph of a coastal area. In the upper left, a cluster of white buildings with red roofs is nestled among green trees. A small beach with a few umbrellas and a small pool is visible. The water is a vibrant turquoise color, with many sailboats and small boats scattered throughout. The water is surrounded by dense green forest on both sides. The text "Votsi beach" is overlaid in white on the bottom left of the image.
